Space Team Aachen

About Space Team Aachen

The Space Team Aachen is a space science association founded by students of the Aachen universities. Our team is formed of ambitious students from a variety of fields who share the fascination for space exploration. Our team designs, builds and flies experimental rockets and scientific experiments. We set high, challenging goals in order to reach our best performance. We believe in equality and stand for the exchange of our aggregated knowledge.

Your responsibilities

You will be working with the marketing team, advising your team members on the next steps for a better representation of Space Team Aachen and on how to manage our communication, both internal and external. You will also supervise both the social-media presence and outreach of the association. Your tasks with your team include:

- Managing the social media accounts of Space Team Aachen
- Organizing events, both internal and with external partners
- Staying in touch with our sponsors
- Build new partnerships with industry and university
- Experience our most important milestones such as our test and launch campaigns

Our requirements

- Structured and organized way of working
- Experience in public relations is a plus
- Able to work in and lead a team of students
- High motivation, reliability & availability
- Fascination for rocket science is a plus
- Good knowledge of German and English, both written and spoken

What do we offer

- Be a part of management team of an association with close to a hundred members and some of the largest aerospace projects in Aachen
- Opportunity to make a long term difference in the associations development
- Direct contact with different partners from both university and industry
- Receive technical insights to all aspects of our projects' progresses, from the design phase up until the launch
